 SS 270:2015

SIDE CROSS SECTIONAL VIEW

CHARACTERISTIC

- Suitable for public, commercial and institutional washrooms.
- Touch-free operation through infra-red sensor.
- Saves water through built-in volume control and jet regulator,
- Adjustable temperature and flow time.
- Corrosion-resistant material.
- Easy installation and maintenance.

COMPONENT PARTS

ITEM	PARTS	MATERIAL
1.	Spout	Brass
2.	Flow Regulator	ABS
3.	Sensor Eye	PC
4.	O- ring	EPDM
5.	Metal Washer	Zinc Alloy
6.	Long nut	Brass
7.	Valve	Brass
8.	Adapter	Silicon Steel
